

ROP Dental Careers

COURSE DESCRIPTION

This class is designed to provide the student with entry-level dental assisting skills, including everything from dental office procedures and practices to dental patient care. Community Classroom training site placements are available in local dental offices during the second semester. These placements offer the opportunity to participate in the care of patients in a dental environment, while networking and obtaining information for future education and employment. The student is encouraged to develop advanced knowledge of the dental profession after completion of this course, while working as a dental assistant or by attending one of the colleges offering dental related instruction.

Class Instruction Includes:

- * Dental office procedures and practices
- * Dental office standards and ethics
- * Dental terminology
- * Anatomy and physiology
- * Disease process
- * Dental asepsis and sterilization
- * 4-6 handed dental assisting
- * Patient care
- * Digital X-rays
- * Dentrix software
- * Overview of dental specialties

CERTIFICATES EARNED

- * American Heart Association CPR
- * Infection control
- * Dental Radiology Safety
- * Dental Practice Act

**Class is located on the Pacific Crest Academy High School Campus
6540 Koki Lane, El Dorado, CA 95623**
